RTD Talos Ltd was established in 2000. Since then the company has strategically positioned itself between the academia, SME's and the government, benefiting from dissemination and training. Previous experience in the area under investigation, at the EU level can be illustrated by a number of projects RTD Talos has taken part. It has been the National Contact Point for SME's in FP5 and FP6, acquiring significant experience in disseminating information regarding EU programmes. It has also been country correspondents for ERAWATCH so as to report the latest about R&D and Innovation in Cyprus and consultants and evaluators for the Ministry of Finance- Planning Bureau, for EU funded schemes. It has also acquired the title of Certified trainer for the Cypriot Vocational Qualifications System, having to show a great record in relation to training and the activities entailed within the lifelong learning arena.
